

GT867

GT867

All position three groove tire designed for city bus and urban delivery application.

Overview

Rim Sizes:19.5-22.5

Aspect Ratio:0-80mm

Section Width:245-315

Speed Rating:J-M

Features	Benefits
Sidewall Protector rib	Protects casing and sidewall from road hazard damages and road curb damages.
Zig-Zag groove and multiple angle sipes	Provides excellent traction and prevents anti-skidding on wet surfaces.
Wider Tread with Deeper Grooves	Enhances Tire Life
Wear resistant compound for urban bus operation that require high frequency of stop and go and turning operation.	Excellent long wear performance to match the needs of the operations.
Equal-force casing technology.	Uniform force distribution for an optimal tyre footprint at various load levels for regular wear and longer mileage.
Tyre casing design for retreadability.	Higher retreadability for longer tire operating life.

GT RADIAL - GT867 offers 2 different tyre sizes

Tire Size	LI	SI	ETRTO	Standard RIM	Section Width (mm)	Overall Diameter (mm)	Tread Depth (mm)	Max Load(kg)
